

Where to act, and what to do

HumanitAI CIC. Built on the organisation's own UK pressure data (40 records, 24 places) plus a live news early-warning layer. Eight stacked models: composite risk, spatial Gi*, early-warning trajectory, trend projection, causal graph, news signals, budget optimisation, intervention systems.

1 — Composite risk, tier and 3-period trend

#	PLACE	RISK	TIER	PROJECTED H1/H2/H3 (±BAND)
1	Middlesbrough	93.6	Critical	96.1/98.6/100 (±6.5)
2	Manchester	91.7	Critical	94.2/96.7/99.2 (±6.5)
3	Glasgow	90.6	Critical	90.1/89.6/89.1 (±6.5)
4	London (Newham)	88.7	Critical	91.2/93.7/96.2 (±6.5)
5	Blackpool	88.0	Critical	87.5/87.0/86.5 (±6.5)
6	Kingston upon Hull	87.6	Critical	90.1/92.6/95.1 (±6.5)
7	Nottingham	85.6	Critical	88.1/90.6/93.1 (±6.5)
8	UK (national)	85.0	Critical	87.5/90.0/92.5 (±6.5)
9	England (national)	84.9	Critical	87.4/89.9/92.4 (±6.5)
10	Liverpool	83.6	Critical	86.1/88.6/91.1 (±6.5)

2 — Budget optimisation (£120,000)

£54,420.0 DEPLOYED 20 PLACES COVERED ~380.0 EST. HOUSEHOLDS HELPED £65,580.0 UNALLOCATED				
PLACE	TIER	INTERVENTION	COST	~HH
Glasgow	Critical	Community navigator + befriending	£480	~7.8
Blackpool	Critical	Community navigator + befriending	£480	~7.8
Glasgow	Critical	Social prescribing + group activity	£460	~7.2
Blackpool	Critical	Social prescribing + group activity	£460	~7.2
Glasgow	Critical	Transport-to-service vouchers	£390	~5.2

4 — Intervention systems (top-tier places)

Critical Middlesbrough risk 93.6

pressures: poverty

- **Targeted child-poverty cash / cost-of-living support** — gain 0.90, ~£1,100, ~7.3 hh
- **Debt advice + money guidance (CHW-delivered)** — gain 0.70, ~£650, ~4.4 hh
- **Living-wage / employment access programme** — gain 0.50, ~£1,400, ~2.2 hh

Stop / escalate: Review at week 8; stop expansion if completion <35% or access gap widens in Middlesbrough. Escalate to safeguarding lead if self-harm risk indicated.

Critical **Manchester** risk 91.7

pressures: homelessness, poverty

- **Preventive tenancy sustainment (pre-Section-21 reach)** — gain 0.85, ~£950, ~5.1 hh
- **Rapid rehousing + TA diversion** — gain 0.80, ~£1,300, ~4.5 hh
- **Rent arrears mediation with landlord** — gain 0.60, ~£700, ~2.5 hh
- **Targeted child-poverty cash / cost-of-living support** — gain 0.90, ~£1,100, ~7.3 hh
- **Debt advice + money guidance (CHW-delivered)** — gain 0.70, ~£650, ~4.4 hh
- **Living-wage / employment access programme** — gain 0.50, ~£1,400, ~2.2 hh

Stop / escalate: Review at week 8; stop expansion if completion <35% or access gap widens in Manchester. Escalate to safeguarding lead if self-harm risk indicated.

Critical **Glasgow** risk 90.6

pressures: isolation

- **Community navigator + befriending** — gain 0.60, ~£480, ~4.7 hh
- **Social prescribing + group activity** — gain 0.55, ~£460, ~3.9 hh
- **Transport-to-service vouchers** — gain 0.40, ~£390, ~2.1 hh

Stop / escalate: Review at week 8; stop expansion if completion <35% or access gap widens in Glasgow. Escalate to safeguarding lead if self-harm risk indicated.

Critical **London (Newham)** risk 88.7

pressures: homelessness

- **Preventive tenancy sustainment (pre-Section-21 reach)** — gain 0.85, ~£950, ~5.1 hh
- **Rapid rehousing + TA diversion** — gain 0.80, ~£1,300, ~4.5 hh
- **Rent arrears mediation with landlord** — gain 0.60, ~£700, ~2.5 hh

Stop / escalate: Review at week 8; stop expansion if completion <35% or access gap widens in London (Newham). Escalate to safeguarding lead if self-harm risk indicated.

Critical **Blackpool** risk 88.0

pressures: isolation

- **Community navigator + befriending** — gain 0.60, ~£480, ~4.7 hh
- **Social prescribing + group activity** — gain 0.55, ~£460, ~3.9 hh
- **Transport-to-service vouchers** — gain 0.40, ~£390, ~2.1 hh

Stop / escalate: Review at week 8; stop expansion if completion <35% or access gap widens in Blackpool. Escalate to safeguarding lead if self-harm risk indicated.

Critical **Kingston upon Hull** risk 87.6

pressures: poverty

- **Targeted child-poverty cash / cost-of-living support** — gain 0.90, ~£1,100, ~7.3 hh
- **Debt advice + money guidance (CHW-delivered)** — gain 0.70, ~£650, ~4.4 hh
- **Living-wage / employment access programme** — gain 0.50, ~£1,400, ~2.2 hh

Stop / escalate: Review at week 8; stop expansion if completion <35% or access gap widens in Kingston upon Hull. Escalate to safeguarding lead if self-harm risk indicated.

5 — Live news early-warning

32 live signals · counts {'poverty': 6, 'homelessness': 7, 'nhs': 12, 'mental': 9, 'isolation': 1} · early-warning {'poverty': 'ELEVATED', 'homelessness': 'ELEVATED', 'nhs': 'ELEVATED', 'mental': 'ELEVATED', 'isolation': 'baseline'}

6 — 2026 UK CIC policy context (verified, GOV.UK)

£2bn Rough Sleeping Strategy

Landmark 2026 strategy (manifesto commitment to end rough sleeping): 2,400 long-term supported homes + prevention services. CICs can deliver prevention/transition support.

Ending Homelessness in Communities Fund

Live 2026 prospectus open to VCSE/CICs for neighbourhood homelessness prevention and support.

Child Poverty Strategy 2025/26

Published Dec 2025, updated July 2026. Prevention-focused; the two-child limit and benefit cap remain in place, so income-lift levers are limited and CIC prevention work fills the gap.

NHS 10-Year Health Plan 2025/26

Shifts to neighbourhood health, same-day community care and social prescribing — explicit role for VCSE/CIC delivery partners.

No 10 North / regional mayors

Prime Minister's office based in Manchester; regional mayors hold key housing and inequality briefs, opening direct CIC commissioning routes.

7 — Second-order: MiroFish agent reaction

(1) Community pressure will concentrate on inner-city areas with vulnerable families facing reduced benefits. (2) Three concrete interventions are: - Targeted assistance such as utility subsidies and emergency food supplies for vulnerable families. - Prevention spending on services like job training programs and affordable housing initiatives. - Expanding public health campaigns to include mental health support resources.

Planning priors are transparent and illustrative; trend projection is planning-only (one cross-sectional slice plus live news momentum), not a calibrated forecast. Replace with local evaluation data before any spend. No individual-level inference. Aggregate place-level only.
